TEN CENTS A WEEK

## SEN. LAFOLLETTE WANTS WEALTH TO BEAR SHARE

**Says Masses Already Are Carrying Bulk of Burden of War**

**URGES HEAVIER TAX ON PROFITS MADE BY WAR**

**Should Take Wealth As Mercilessly As Men Are Taken He Says**

(Associated Press Telegram) Washington, Aug. 21.—Conscription of wealth to pay for the war was urged in the Senate today by Senator La Follette of Wisconsin, in presenting the minority plans of the finance committee for higher taxes on the war tax bill on war profits and incomes. He suggested increasing the \$2,000,000,000 bill to more than \$3,500,000,000 by such increases with elimination of consumption taxes. He also urged that less bonds and more taxes be authorized.

The Wisconsin senator declared governments were demanding war while their people were asking for peace and contended that 85 percent of the men drafted are protesting. Large bond issues desired by wealthy interests, he contended, inflate prices and increase the present high cost of living, which he asserted already impose a 50 to 100 per cent war burden upon the masses. The Liberty Loan, he said, was made possible by an "iron hand within a kid glove" and persistent advertising methods.

The pending bill, Mr. La Follette stated, provides by taxes but 17 percent of this year's war expenses, he predicted, may reach \$20,000,000,000 or \$40,000,000,000 and he urged that huge war profits and incomes of wealthy persons by higher surtaxes be made to bear the burden of the war.

Urging a larger proportion of taxes, the Wisconsin senator said:

"It is a part of the history of all great wars that wealth has demanded the minimum of taxation and the maximum of loans, while the poorer classes have desired the maximum of taxation and the minimum of loans and this difference is accentuated now since war profits and excessive incomes are being forced by taxation to contribute some portion of the revenues which war makes it necessary to raise."

"Wealth has never yet sacrificed itself in the altar of patriotism in any war. On the contrary it has ever shown itself eager to take advantage of the misfortunes which war always brings to the masses of

(Continued on Page 8, Col. 3.)

**GERMAN REFUSED TO HALT; MACHINE GUN STOPPED HIM**

(Associated Press Telegram) Sault Ste. Marie, Mich., Aug. 21.—Alfred Benninghaus, a German merchant, was wounded by machine gun bullets yesterday when his launch was fired on by Michigan infantrymen in a patrol boat, after a command to stop had not been obeyed. Two other persons in the launch escaped injury.

Benninghaus and his companions reached the Canadian side where they promptly were arrested and are being held pending investigation.

It is alleged that the trio attempted to evade inspection by American officials on a trip from the American to the Canadian side of St. Mary's river.

**SHIP YARD STRIKERS TO HOLD BIG MASS MEETING**

(Associated Press Telegram) New York, Aug. 21.—The ship yard strikers in this district who are said to number nearly 12,000 expect no opposition to their mass meeting in Tammany Hall this afternoon when a vote will be taken to decide whether or not a general strike of ship yard workers in the United States is to be called. Such action, it is said, would affect 250,000 men throughout the country. The men demand a wage of \$4.50 a day. About 14 of the ship building plants in New York and vicinity have met the demand of the men, who say the wage they ask is the one being paid by the government at the navy yard here.

**DEMAND FOR HOLY BIBLE IS INCREASED BY WAR**

(Associated Press Telegram) New York, Aug. 21.—With publishers falling daily further behind in their order demand in the history of the nation for Bibles, publishers here say that any one who possesses a set of electrotype plates, owns something almost as valuable as a steamship. Many of the publishers report their presses running from 15 to 18 hours a day but they are still several weeks behind orders already received.

## SHIP BUILDERS ASK GOVERNMENT TO PAY EXPENSE

**Willing to Rush Destroyer Program if Someone Pays Bill**

**ENLARGED PLANTS USED ON U. S. WORK AFTER WAR**

**Builders Already Have a Great Financial Burden to Bear**

(Associated Press Telegram) Washington, Aug. 21.—Congress will be asked for special rush appropriations for the immediate expansion of ship and engine building plants to carry out the big destroyer program decided upon by the navy department.

Secretary Daniels indicated today that the ship builders have said the necessary expansion could be carried out only if the government paid the bill. The navy will ask immediately to start the work and will not wait the regular naval appropriations bills. Ship and engine builders now have all the work existing plants can do and also are obligated to the limit of their financial arrangements. They propose that the government expand the yards and engine plants, that the private builders do the work; using their trained forces supplemented by all the additional men that can be procured; and that at the conclusion of the war or the contracts, as the government may decide, the supplemental plants either be sold to the ship building companies or operated on government work. Details of the scheme are now being worked at the navy department.

The destroyer program includes as many new ships of that type as it is possible to build.

**GIVE DRAFT BOARD WEEK TO PREPARE FOR PRISON TERM**

(Associated Press Telegram) New York, Aug. 21.—Dr. A. S. Bernfield and Louis I. Cherey, the two members of exemption board No. 99, under sentence of two years in the federal prison following their pleas of guilty of accepting bribes for granting exemptions to men liable under the selective draft law, will be allowed a week to wind up their business affairs before being taken to the Atlantic prison. Meanwhile, the men will be confined in the Tombs.

When the trial of Kalman Gruher was resumed here today in the United States district court it was expected the case would be completed and in the hands of the jury by noon. Gruher, who was indicted with Bernfield and Cherey, declined to enter a plea of guilty and elected to stand trial. He is accused of being the "go-between" of the two former members of board No. 99.

**CONSCRIPT WEALTH AS WELL AS YOUTH TO HELP WIN WAR**

(Associated Press Telegram) Washington, Aug. 21.—Higher taxation of "swollen" profits of war was urged by Senator Johnson of California yesterday in speaking before the Senate on the war tax bill. The bill, he said, takes only a small part of the profits.

"We have conscripted the blood of the nation," said he, "let us conscript the wealth coined out of that blood. With abounding enthusiasm we conscripted the youth of the land to die, if need be, on a foreign soil. I ask that the same enthusiasm be shown to conscript the wealth of the nation to stand behind the youths who have gone forth to the trenches."

"Our lads have gone, to use a hackneyed phrase, to preserve 'world democracy.' Those who coin profits from the blood of war and make swollen profits ought to pay the cost. The amount proposed by this bill is but a little moiety on such profits."

Senator Johnson said that he was "staggered" by the probable war costs, estimated at twenty billions of dollars the first year, "and without a single shot fired."

"The future liberty bells imagination," he continued, "if the liability of this nation at the close of the war will be more than that of any other belligerent."

"All this the people are willing to do but they ask that the burden be placed not alone upon them but that some of it come from the profiting by the war."

## ARMY MULES MAKE WESTERN TOWN DRY

(Associated Press Telegram) San Diego, Calif., Aug. 21.—Two United States army mules will make most of San Diego "dry" tonight, according to the interpretation of a ruling by the department of justice. Orders providing for the discontinuance of the sale of liquor within one-half mile of the aviation school barracks, were interpreted to apply also to an uptown stable of the quartermaster corps where two army mules are quartered. The half-mile zone from this stable includes all the principal hotels and cafes and all except half a dozen saloons and wholesale liquor houses in the city.

**DIPLOMATS START SOON.**  
(Associated Press Telegram) Peking, Aug. 18. (Delayed).—The Austro-Hungarian minister, his staff and consuls whose departure was made necessary by China's declaration of war, probably will take a Dutch boat from Shanghai to San Francisco, crossing the United States en route to Vienna. The Dutch minister is arranging the departure.

**MARINES DEFEND TRENCHES AGAINST "ENEMY"; PRACTICE**

(Associated Press Telegram) American Training Camp in France, Aug. 21.—Training in some of the battalions has progressed to such a point that sham attacks on the trench system are being carried out with a degree akin to actual warfare. This far artillery fire has been only theoretical, but before long the troops expect to have the experience of watching the effect of real artillery upon the trenches.

The marines are having some especially lively engagements this week with their French instructors. French chasseurs acting as the enemy have been making attacks upon the marines' trench system with Dewey, Farragut, Porter and Sampson trenches as the battle objectives. The French also have been attempting to block and hold communication trenches known as Ohio, Mississippi, Delaware and Potomac. It will be seen that the marines' trench names are based upon the navy heroes and rivers of the United States.

"The marines have been making stout resistance and wherever the 'enemy' penetrated their lines they aggressive in a counter attack which quickly ejected the intruders. The real object of these battle exercises is to get the officers and men acquainted with what are known at the front as operation orders. It is the first step toward learning the rudiments of a highly-organized part of modern warfare where every step and every detail is worked out in advance on a prearranged plan and must be strictly adhered to."

One great difference from real warfare, however, is the fact that in this case the marines are allowed a copy of his operation orders to fall into the hands of the defending garrison. This will be changed later and the American trench garrison will be called upon to resist surprise attacks in force.

Another valuable feature in sham battle exercises is in teaching Americans the great importance of what is known as liaison work—the maintenance of communication with supporting artillery with flanking forces, with airplanes and with information centers. Attacks are accompanied by a lively rocket display as S. O. S. signals are sent up for defending the entrance of fire from the artillery, and calling reserve from companies in support of the trenches. The rockets are also used in the guise of artillery fire by shortening and lengthening ranges. The evacuation of wounded under theoretical shell fire is another feature of sham battles, which is receiving attention.

**EIGHT KILLED WHEN TRAIN STRIKES AUTO ONLY ONE SURVIVES**

(Associated Press Telegram) Saybrook Junction, Conn., Aug. 21.—All but one of the eight persons who lost their lives when their automobile was struck last night on a grade crossing of the New Haven railroad had been identified early today.

The identifications made by means of messages from New Haven are: Robert H. Rohloff, who owned and was driving the car. Gustave Weyel, his wife and three children. Mabel Wagner. The remaining body is that of an elderly woman.

The one survivor of the automobile party is a ten year old girl who gave the name of Louise W. Weyel.

**AN HEIR TO MILLIONS MUST JOIN THE ARMY.**

(Associated Press Telegram) Sandusky, O., Aug. 21.—Valentine Fries, Jr., only heir of the late millionaire owner and distiller was refused exemption. He claimed his wife was dependent on him.

**GIPSY QUEEN IN DEAD.**  
London, Aug. 21.—Betty Blythe, aged 32, daughter of David Blythe, and said to be the rightful heir to the gipsy throne, died yesterday at Chirnside, Scotland. She waived her claim to the throne in favor of her sister, Esther Faa, who was queen of the gipsies for many years.

## ROWAN'S ORDER FAILED TO BRING BIG FARM STRIKE

**Not a Single Instance Reported Where Leader's Order Was Obeyed**

**AGITATOR STILL HELD AS A MILITARY PRISONER**

**Refused Permission to Communicate with His Outside Workers**

(Associated Press Telegram) Spokane, Wis., Aug. 21.—Advices from various parts of Washington, Oregon, Idaho and Montana failed to record an instance where Industrial Workers of the World obeyed the order issued by James Rowan, district secretary of the agricultural and construction workers to go on strike yesterday as a protest against detention in jails of many members of the organization. A report last night that members of the organization at St. John, Washington, had walked out, demanding the release of one of their number held in jail, was denied today. It was said that about 50 I. W. W. members from outside of the district had established a camp there and their efforts to persuade the men to strike had been unsuccessful.

Investigation of the cases of James Rowan, district secretary, and 26 other alleged I. W. W. held in the county jail here as military prisoners, was expected to be taken up today by Major Clement Wilkins, in command of the Idaho National Guardsmen patrolling this vicinity, and United States Attorney F. A. Garrecht.

Rowan is still nominally in charge of the affairs of his organization in the northwest, but he is not allowed to communicate with any one from his cell. It was reported that legal steps were contemplated to effect the release of at least some of the men held in jail with Rowan, but United States Attorney Garrecht said no one representing them had taken the matter up with him.

**PRESIDENT GETS PRODUCTION COSTS ON WAR METALS**

Washington, Aug. 21.—Federal trade commission estimates on copper and steel production costs go to President Wilson today for use in fixing prices for government's war needs. Figures called for by the president on the cost of other materials soon will be completed.

Under the present arrangement all government purchases are made at tentative prices, with the final sale of figures to be determined after a study of production costs. The commission, it is said, recommends that a government agency be designated by the president to conduct a constant investigation into steel costs during the war and determine the actual production expense of each government order.

**HOOKWORM FOUND IN SOLDIERS; MUST GUARD AGAINST IT**

(Associated Press Telegram) Washington, Aug. 21.—Discovery of hookworm infection in 47 out of 75 military recruits recently mobilized for war service has caused public health service authorities to recommend prompt examination of all units of the National Guard and National army at present organized, especially those from the warmer portions of the country.

Prevalence of hookworm was found by Dr. C. H. Wardell Stiles of the public health service, at a government reservation where he was making experiments. Complaints by a recruit of not feeling well, after officers suspected him of trying to shirk his duty, resulted in medical examination. Hookworm infection was found. Other examinations showed a high percentage of hookworm.

Dr. Stiles has reported to the public health service that failure to treat hookworm cases undoubtedly will result in most preventable punishment of soldiers for offenses due to remedial conditions. Danger of a widespread epidemic of hookworm in Europe is pointed out by even light cases are sent to the trenches. These dangers can be prevented to a great extent, Dr. Stiles says, if the recruits or at least those from certain states are systematically examined for intestinal parasites and either treated in the American training camps or discharged, as necessity indicates.

**FURNISHED GRAZING GROUND.**  
Washington, Aug. 21.—In an effort to increase the nation's meat supply the farm service, it was announced today, has furnished grazing facilities on the national ranges for about 140,000 head of cattle and 200,000 more sheep than in ordinary years. Herein the pasture has been furnished about 1,800,000 head of cattle and horses and 7,800,000 head of sheep each year.

## SHORT PARADE FOR G. A. R. IN BOSTON

(Associated Press Telegram) Boston, Aug. 21.—Several thousand men in blue, survivors of the army which fought for the Union more than half a century ago, marched with brave step through Boston streets today. The route was the shortest ever selected for the annual parade of the national encampment of the Grand Army of the Republic. The veterans were favored by a clear sky, moderate temperature and a refreshing breeze. The chief marshal was J. Payson Bradley, of this city. In the line were the departments of the grand army in order of seniority of organization. The national officers and past commanders in chief in automobiles, the sons of veterans, former prisoners of war, naval veterans and a rear guard of disabled veterans in cars. Commander-in-Chief Wm. J. Patterson reviewed the parade from a large grand stand on the Tremont street side of the common. Governor McCall was at the state house and Mayor Curley at the City Hall.

**PEACE PROPOSAL MUST COME FROM ENTENTE IS REPLY**

(Associated Press Telegram) Copenhagen, Aug. 21.—At a meeting of the main committee of the Reichstag called for today Chancellor Michaelis was expected to declare the pope's peace note in general accord with the German government's peace proposal of December 12, 1916, and the recent Reichstag resolution on the same subject and therefore to be sympathetically received in Germany. Germany cannot, however, discuss details and particularly under no circumstances can it enter into a discussion of the status of Alsace-Lorraine as a part of the German empire. The chancellor, according to this forecast, will say that as Germany has earlier indicated its desire to make peace the first word must come from the other side.

A meeting of the Bundesrat committee on foreign affairs had been called for yesterday in Berlin under the chairmanship of the Bavarian premier, Count von Hertling, to discuss the situation created by the pope's note and to approve the lines of Chancellor Michaelis' speech to the Reichstag committee today.

(Associated Press Telegram) Washington, Aug. 21.—Secretary Lansing made it clear today that the subject still was in the hands of President Wilson. He said he had received no official communications from the other allies defining their positions.

The state department has no official knowledge of the proposed conference of allies and no memoranda have passed in relation to it but it is generally believed that an interchange of opinion is continuing and that the response of the United States will harmonize with that of the others, while clearly stating the position of this government.

Rome, Aug. 21.—Cardinal Gasparri expressed to the British minister the hope that the belligerents would give approval to four fundamental propositions in the papal note, similar ideas having already been set forth by responsible ministers of Great Britain, Russia, France, Germany and Austria. The president Wilson's peace message in the opinion of the cardinal, implied almost the whole of the pope's program.

It having been asserted in the press that the pope was urged to work for peace by Empress Zita of Austria-Hungary, the Vatican states that the pontiff has no personal acquaintance with the empress and has never received any communication from her on any subject. (It has been reported on several occasions that the Austrian empress, who was born in the Italian province of Lucca, has been working assiduously for peace.)

**NEW YORK WELCOMES THE BELGIAN COMMISSION**

New York, Aug. 21.—The Belgian war mission, the fifth of the foreign missions to visit New York, was formally welcomed here today by Mayor Mitchell. At the request of the members of the mission today's program was simple. A war time color was given to the public greeting at City Hall by the presence of the Seventh regiment and 500 sailors and 200 marines from the navy yard as a guard of honor. During the afternoon the mission will be escorted through Long Island City and Brooklyn to Coney Island and back to New York by way of the Fort Hamilton section. The mission is expected to leave here late tonight.

**BRITAIN WILL CONSIDER PEACE PLAN OF POPE**

Rome, Aug. 21.—The reply of the British government to the peace note of Pope Benedict was handed to Cardinal Gasparri, the papal secretary of state by the British minister on Monday. The reply says the pope's note will be examined in a benevolent and serious spirit.

**BIKE RIDER HURT.**  
Paris, Aug. 21.—The condition of "Bobby" Waitour, the American bicycle racer, whose skull was fractured by a fall from his machine in a race on Sunday, is unchanged.

## CANUCKS AND GERMANS "OVER THE TOP" AT SAME TIME AND FIGHT BITTERLY

**Most Desperate Hand to Hand Fighting of War Develops in Simultaneous Attack on Outskirts of Lens—Germans Forced to Retreat**

**ITALIANS BEND AUSTRIAN LINE ALONG THE ISONZO FRONT; TAKE 10,000 PRISONERS**

**Battle on Italian Frontier Continues With Enemy Showing Undiminished Resistance—Floating and Fixed Batteries Aid In Advance—French Maintain New Lines at Verdun Won By Yesterday's Attack In Which 5,000 Prisoners Were Captured—Heavy Fighting Reported In Rumania and Other Russian Fronts**

(Associated Press Telegram) London, Aug. 21.—Canadian troops around Lens launched another attack on the western environment of the French mining city at 4:30 o'clock this morning, reports the Reuter correspondent at the British headquarters in France. The attack developed into one of the most desperate hand to hand battles of the war.

When the Canadians went over the top they saw masses of gray fighters advancing towards them in the thick haze. Both sides had planned the attack at the same moment.

Fifteen minutes after the clash came the Germans were making their last stand on the parapet of their trench. They then retreated rapidly.

**AUSTRIAN LINE BENDS BEFORE ITALIANS**

(Associated Press Telegram) Rome, Aug. 21.—More than 10,000 prisoners had been taken by the Italians in their new offensive up to yesterday evening, the war office announced.

The Italians, supported by floating and fixed batteries and mortars, are marching toward success, which the statement says, is becoming delineated in spite of undiminished enemy resistance. The great battle on the Isonzo front continues without interruption. The war office states that the Austrian line is beginning to bend and give way at various points.

Enemy defenses between Corbice and Selo, near the strongly fortified Starokova position have been captured by the Italians.

**IMPORTANT DEVELOPMENTS EXPECTED**

(Associated Press Telegram) New York, Aug. 21.—The Austrian line on the Isonzo front is beginning to bend and give way at various points under the furthest attack of the Italians, Rome announces officially. The Italians are making progress toward a success which, the statement says, is becoming delineated in spite of undiminished resistance by the Austrians. More than 10,000 prisoners have been taken in the new battle of the Isonzo and strong Austrian defenses have fallen into the hands of the attackers.

Seldom during the war has an official communication been worded in such confident terms and unless the Austrians are able to rally their shattered forces, developments of far-reaching importance may follow quickly.

Canadian troops around Lens, in northern France, made another attack early this morning. Germans who advanced at the same time made a hurried retreat on encountering the Canadians. Few details have been reported of the subsequent fighting which developed into one of the most desperate hand-to-hand struggles of the war.

The German reaction to the successful French stroke at Verdun came last night and the new French line stood firm in the face of counterattacks of extreme violence. On the front north of Verdun, especially at Avocourt Wood and north of Cauciers, the fighting was particularly bitter; the French war office reports. The Germans, beaten back, met with heavy losses. The number of prisoners taken by the French now exceeds 5000.

The Germans also returned to the attack on the Aisne front, striking at Cerny and Hurtebise. Paris reports the repulse of these assaults.

On the British front the Germans last night made their third attempt to recapture positions recently wrested from them near Epehy, northwest of St. Quentin. A determined attack was made in which the Germans employed flame-throwers, but they were repulsed completely by the British, who hold all their positions.

Heavy fighting continues on the southern Rumanian front. The Russians and Rumanians are offering stiff resistance, but Petrograd reports officially, have been forced back further at several points. Austro-German troops reached the southwestern outskirts of the important Moldavian town of Ocna, 75 miles southwest of the provisional Rumanian capital, Jassy. In the direction of Kokshani the Germans took the offensive along the railroad, advancing on both sides of it. A counter-attack west of the railway resulted in restoration of the Russo-Rumanian positions.

On the northern Russian front increasing activity is reported. The Germans are bombarding heavily the Russian trenches west of the Riga-Mitau railroad.

The new Russian offensive on the Caucasian front has resulted in further victories. Capture of a series of villages south of the Pelmir-Balmer sector is reported by the Russian war office. The Turks made an attack in the direction of Kharput and gained initial successes, but subsequently were expelled from the captured positions.

British aviators who have been making frequent attacks in Belgium, carried out another bombing expedition Sunday night. They dropped

many tons of explosives on military objectives, the British admiralty reports. All the airplanes returned safely.

**FRENCH EDITOR STRANGLED SELF; HELD FOR SEDITION**

(Associated Press Telegram) Paris, Aug. 21.—Miguel Almeraya, 34, editor of the Bonnet Rouge, who had been arrested on charges of sedition, committed suicide, according to the report of three medical legal experts which was sent yesterday to Rene Viviani, minister of justice. Almeraya had tried to kill himself with his own laces. The head warder of the prison was de-graded and transferred and two assistants were removed for leaving the shoe laces in the cell, contrary to prison regulations. The prison doctor was placed at the disposal of the military authorities for making a false report while the chief prison doctor was dismissed for accepting his subordinate's report without verification.

Almeraya was found dead in prison last Wednesday. His friends at first refused to admit that he had committed suicide, but it gradually became evident that he had strangled himself with a pair of shoe laces.

**LAKE STEAMER ADMITS WHEN ENGINES BREAK DOWN**

(Associated Press Telegram) Toledo, O., Aug. 21.—The crippled D. and C. liner "State of New York" was towed into port at 8:30 this morning after having been driven off Lake Erie most of the night. The engine was disabled early in the evening when the steamer was returning with 225 passengers, from Put-In-Bay. Dense clouds of fog frightened the passengers and last night the drifting boat was struck by a squall. She was taken in tow at two o'clock this morning by a tug sent out to her rescue.

The New York was due here at nine-thirty last night.

**REPORTS U-BOAT BATTLE.**  
At Atlantic Port, Aug. 21.—An American schooner, which arrived here today from Nova Scotia reported having sighted on Thursday, Aug. 16, at 11 a. m., about 130 miles east of Nantucket, a large liner, signaling and circling about and firing her guns. About 25 shots were fired, but as the liner was eight miles distant and the water very hazy the object at which she was firing could not be made out.

LICKING IS FIRST IN CATTLE RAISING TAX RETURNS SHOW

Licking county regains first place this year in the number of cattle raised, having 36,586. This is an increase of about seven per cent. The total number of cattle in Ohio this year is 1,822,426. Ashtabula who was first last year comes next to Licking county with 36,556.

In 1885 there were 15 counties with over 100,000 sheep on them and at that time Licking county had 227,604 sheep. Today we have 75,784.

It has been proven by the returns on the cattle under the new method of self-taxation that the "self-listing" plan of taxation is producing more and better results in the matter of money turned into the auditor of state's office than under the old plan of having assessors list the property of their electors.

In proportion to area the value of livestock in Ohio probably exceeds that of any other state in the union. According to State Auditor Donahy's figures nearly counties reported the following live stock for 1917:

Coshocton county: Horses \$168 in 1916, 9240 in 1917; cattle 20,344 in 1916, 23,554 in 1917; mules, 256 in 1916, 257 in 1917; sheep 63,266 in 1916, 64,777 in 1917; hogs 14,658 in 1916, 18,966 in 1917.

Delaware county: Horses, 10,569 in 1916, 10,486 in 1917; cattle 23,348 in 1916, 21,510 in 1917; mules, 202 in 1916, 246 in 1917; sheep, 31,734 in 1916, 32,488 in 1917; hogs, 22,344 in 1916, 25,528 in 1917.

Farfield county: Horses, 11,483 in 1916, 12,298 in 1917; cattle, 25,392 in 1916, 27,633 in 1917; mules, 242 in 1916, 210 in 1917; sheep, 10,640 in 1916, 11,461 in 1917; hogs, 38,920 in 1916, 47,369 in 1917.

Knox county: Horses, 10,220 in 1916, 10,990 in 1917; cattle 22,285 in 1916, 23,674 in 1917; mules, 267 in 1916, 296 in 1917; sheep, 78,163 in 1916, 81,637 in 1917; hogs, 24,622 in 1916, 29,174 in 1917.

Licking county: Horses, 13,998 in 1916, 15,340 in 1917; cattle, 32,400 in 1916, 36,586 in 1917; mules, 461 in 1916, 805 in 1917; sheep, 73,715 in 1916, 75,784 in 1917; hogs, 29,010 in 1916, 33,459 in 1917.

Muskingum county: Horses, 9831 in 1916, 10,610 in 1917; cattle 27,019 in 1916, 30,171 in 1917; mules, 492 in 1916, 452 in 1917; sheep, 67,148 in 1916, 68,066 in 1917; hogs, 10,445 in 1916, 14,848 in 1917.

MADAME MUZZUCHI COMES TO AMERICA

Madame Muzzuchi, the angel of the Italian army.

Madame Muzzuchi, beloved by the Italian soldiers who are fighting the Austrians in the Alps, has come to America to solicit funds for the Italian war hospitals. She is known as the "Angel of the Army" and is the wife of the consul general at Rheims.

GARFIELD MAY BE COAL DICTATOR

Washington, Aug. 21.—There were outward indications today that President Wilson was seriously considering the appointment of President Harry A. Garfield, of Williams College, as coal administrator.

Mr. Garfield already has been named as a member of the food administration commission which will fix the price of the 1917 wheat crop. Whether Mr. Garfield could take on the duties of the coal administrator in addition was not made clear.

The president's next move towards the establishment of government control of the coal industry, following the appointment of Judge Robert S. Lovett, chairman of the Union Pacific Railroad, as director of priority of transportation, is expected to be the selection within a day or so of a coal administrator.

Judge Lovett's first official act was to direct railway and steamship lines to give bituminous coal shipments to the northwest precedence over all other freight transportation.

Taken to Hospital.

Mrs. Ida Snelling, who was adjudged an imbecile by the probate court was taken to the state hospital for the insane at Columbus today by Sheriff Chas. H. Swank.

THE ROTARY CLUB TO SEND A MAN TO FRANCE SOON

The Newark Rotary club will send a man to the American Field Service in France. At today's Rotary luncheon, enough money was subscribed to send a man to France and maintain him in service there for four months at the end of which time it is expected the government will be ready to take charge of this important branch of the work. The sum of \$320, the amount needed, was pledged quickly and a committee, consisting of Messrs. R. B. White, Fred C. Evans, A. E. Willert, Clay Van Voorhis and C. H. Spencer, was appointed to consider the proposition of raising a larger sum to send a half dozen Newark men who have volunteered their services if the money for their transportation and equipment is provided.

Messrs. Varney and Smith of the American Field Service, addressed the club. Mr. Smith, who recently returned from France, related some of his experiences in the trenches and told of the effort that is now being made to send 10,000 Americans to France as members of the field service. Already 2000 Americans and nearly 1000 automobiles are now in the service currying munitions and supplies to the front in France.

Recently nearly \$800 was raised in Newark on tag day for this fund. The men entering the service receive no pay. The French government provides for their maintenance and the government furnishes them transportation back to the United States. The money now needed is to provide for their equipment and passage to Europe.

PERKINS WOUNDED BY SON IS REPORT

Two young men residing several miles south of Utica were arrested in Columbus yesterday. Jay Perkins, aged 17 and Lloyd Myers, 16, according to the story told Columbus police officials by the latter youth, were hunting on the Perkins farm, when they were ordered off by the Perkins' boy's father, who Myers says, fired a shotgun at them. The Perkins youth returned the fire and wounded his father in the shoulder.

Inquiry at Utica today failed to find anyone who could vouch for the shooting. The mayor of that village stated that there had been no charges filed against the young men and no word had been received from Columbus that they would be returned to Utica and held for investigation. Sheriff C. H. Swank also stated that no complaint had been filed at his office.

HENDERSON URGES LABOR PARTY TO STICK TO GOVT.

London, Aug. 21.—The adjourned British labor conference to consider the question of sending delegates to the international conference at Stockholm resumed its deliberations today. The conference has before it the recommendation of the executive committee of the labor party that the earlier decision to send delegates to the Stockholm meeting be adhered to and representations made to the government in reference to the announcement that passports for delegates would be refused.

Arthur Henderson, who addressed the delegates, denied that he had withheld deliberately, or intentionally, from the labor conference any information with reference to the Russian attitude towards the Stockholm conference.

Premier Kerensky, of Russia, he said, had been in favor of British representation at Stockholm. If he (Henderson) had failed or had erred it was only because of his loyalty to labor. He hoped the conference would not press for the withdrawal of labor members from the government because that policy, in his opinion, would be subversive to the national interests and the successful prosecution of the war.

The international situation, Mr. Henderson said, might change and it might be that the various governments would desire that the conference should be held in Stockholm. Premier Lloyd George had been in favor of the conference and he might be so again. What was a virtue in May ought not to be a crime for them in August.

COLUMBUS MAN HURT IN PATASKALA ACCIDENT

Columbus, O., Aug. 21.—George Norris, aged 28, owner of a garage, former patrolman and detective, is slowly recovering at Grant hospital from serious injuries.

Driving his touring car to his home in Wagram, Norris met with an accident near Pataskala, which sent the car over an embankment, pinning him beneath it. His chest was crushed. Dr. R. B. Drury is attending him.

MOSQUITO BITE CAUSES DEATH OF THREE PERSONS

Richmond, Va., Aug. 21.—The bite of one mosquito, communicative pernicious malaria, is held responsible for the quick death of three members of the Skinner family here. John A. Skinner, Jr., died today. His mother and brother died yesterday. All died in violent fits.

Not So Loud.

"I could serve as juror, judge, one look at that fellow convinces me he's guilty."

"She—that's the attorney for the state." Passing Show.

Official Statements of War Department

**BRITISH.**  
London, Aug. 21.—The Germans this morning made a third attempt to recapture positions near Epehy recently taken by the British. The war office announced that they were repulsed completely.

The German attacks were especially severe at Avocourt Wood and north of Caubieres.

Attacks also were made by the Germans without success on the Aisne front near Cerny and Hurtelise.

**FRENCH.**  
Paris, Aug. 21.—Counter attacks of extreme violence were made by the Germans last night in an effort to recapture positions taken in the French offensive on the Verdun front. The war office announces that the Germans were beaten back with heavy losses. The number of prisoners now exceeds 5,000.

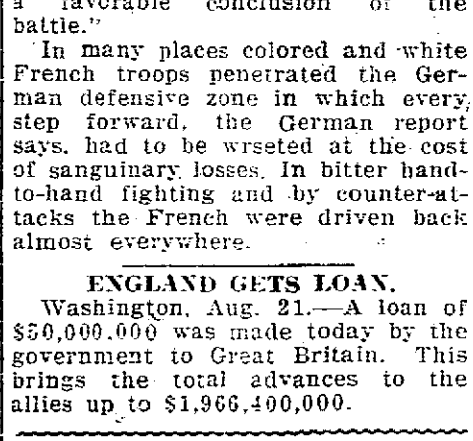

**GERMAN.**  
Berlin (via London), Aug. 21.—The battle before Verdun has not yet ended, the German general headquarters statement announced today. This morning fresh engagements developed at various places. The statement adds:

"Our troops and leaders anticipate a favorable conclusion of the battle."

In many places colored and white French troops penetrated the German defensive zone in which every step forward, the German report says, had to be wrested at the cost of sanguinary losses. In bitter hand-to-hand fighting and by counter-attacks the French were driven back almost everywhere.

**ENGLAND GETS LOAN.**  
Washington, Aug. 21.—A loan of \$50,000,000 was made today by the government to Great Britain. This brings the total advances to the allies up to \$1,966,490,000.

NEWSPAPER MADE BY FRIENDS SENT TO NEWARK MARINE

An original and interesting gift for one of the Newark boys enlisted in the United States service is "The Newark Clarion Letter," which was sent today to Ernest Crawford by many of his friends in this city. The letter in the form of a newspaper—a huge single sheet, covered with notes of greeting and good wishes, with kodak pictures, clippings from the local papers, and everything that might be of interest to a boy from the home town. Captain Steele executed the design for the heading. It bears at the top a single from which hangs a banner decorated with a symbol representing the Old Fort. The name of the paper follows, and below that the motto, "To win in trumpet tones the voice of friendship, far yet near." Newark, Ohio, Tuesday, August 21, 1917. In one of the "ears" is the notice, "This entire edition belongs to Private E. R. Crawford, U. S. Marine Corps, Paris Island, S. C."

One of the illustrations is a snapshot of Mr. Crawford's dog. Another feature is the drawing of a great schooner of soda water, cleverly done by Peter Baraxes, of the Sparta. It is realistic enough to make any fighting man long to lay aside his gun and take up a straw.

Among the letters in the collection, are messages from Captain Steele, Dr. L. C. Sparks, Professor Klapp, A. S. Mitchell, Mayor Bigbee, George S. Mosser, in behalf of the Chamber of Commerce, Frank L. Johnson for the Y. M. C. A., and from each of the clerks of the Mitchell store, where Mr. Crawford was employed formerly, and many other people. There were about 70 letters in all.

The letter was rolled in a long tube for transportation. It will be sent back, probably, for safe keeping after it has been enjoyed.

The idea of such a many-faceted message is a good one, and the "newspapers" are sure to be appreciated by the boys receiving them, and kept long for the sake of the spirit of kindness shown in their making.

CHICAGO TRAP SHOOT.

Chicago, Aug. 21.—Chief events on the program of the grand American handicap tournament today, were the Chicago overture, open to amateurs only, at 100 target from 16 yard rise; the national championship in doubles, and the antional amateur championship at single targets. In the South Shore introductory event yesterday, Frank Troeh, of Vancouver, B. C., made a new record when he broke 199 targets out of a possible 200, shooting from the 18 yard rise. Troeh missed his 92nd target and then finished with a straight run of 108. His nearest competitor was J. E. Chatfield, of Texarkana, Ark., who registered to total of 198.

SPAIN SENDS SOLDIERS HOME.

Madrid, Aug. 21.—The cabinet yesterday decided to send home all men recently called to the colors, owing to disturbances. The cabinet approved a credit of 70,000,000 pesetas for the reorganization of the army and the manufacture of material, especially anti-aircraft guns and artillery.

The bank of Spain placed at the disposal of the government 100,000 pesetas for the orphans of police killed, maintaining order recently.

BALL TEAMS DRILL FOR PRIZE.

Cleveland, O., Aug. 21.—The Cleveland and Philadelphia American League ball teams will fall into line before today's game and go through with their military drill before the United States army officer and in the presence of B. B. Johnson, president of the American League, Mayor Davis and other dignitaries. The teams will be judged by their merits on a score according to army regulations. Captain Jack Baker, the Cleveland drill master, says he believes his boys have a fine chance to win the \$500 prize offered by the American League for the best drilled ball club.

Resinol does wonders for sick skins

That itching, burning skin-trouble which keeps you scratching and digging, is a source of embarrassment, as well as of torment to you. Why don't you get rid of it by using Resinol Ointment? Physicians prescribe it constantly. In most cases, it stops itching instantly and heals eruptions promptly. It is very easy and economical to use.

Sold by all druggists. Resinol Ointment should usually be added by Resinol Soap.

ASK CITY TO CUT \$30,000 FROM BUDGET  
TO KEEP 1918 TAX LEVY WITHIN 15 MILLS

City council last night discussed finances for the future when information from the county budget commission was placed before council in an effort to get the city department to trim 32 mills from their requirements for next year.

Levies asked for by state, county, township and schools totaled 15.92 mills when the budget commission was ready to quit work for the day Monday. This is 32 mills above last year's tax rate and none of the officials, city or county, want to assume the responsibility for an increased tax rate, particularly in the face of an increased tax duplicate. According to the auditor's report, property valuation for 1918 is \$30,563,420 as compared with \$28,878,000.

Increased levies were asked by a number of branches of the government, particularly the schools. As a result, the total levy for all purposes was increased nearly a mill over that of last year. Now, the officials are trying to trim it down to 15 mills and some of the departments will suffer. The mandate was brought to council that the city must trim its levies or it would be trimmed by the budget commission.

At a meeting held this afternoon at the court house, the matter will be thrashed out and it is probable that the various city department heads will be on hand to tell why the other fellow's levy should be trimmed.

One feature which has resulted in an increased levy is the fact that some of the subway bonds mature next year though not a spade of dirt has been thrown to further the improvement. An additional levy was necessary to take care of these bonds.

It is probable that the cuts will be made in the service, safety and school funds though it was impossible to learn the extent of the cut and where it would be made.

Besides discussing the finances, the council members also talked about the police department, a heated discussion being staged by Councilman Seward and the safety director. Mr. Seward is still demanding Richter, who were legislated out of office by council, only to have the supreme court annul the ordinance on the ground that it was not legally passed. Richter has been temporarily eliminated from the controversy by his enlistment in the national guard and subsequently in the federal service. He is on a leave of absence from the police department. Shively is on duty, but according to Mr. Seward, has been deprived of his seniority because of council's action and lost out in the matter of salary rating as a consequence. Mr. Seward contends that Shively should draw the pay of a veteran in the department because of the court's order which restored him to his former position in the department.

The council authorized the service director last night to enter into contract for a chlorine filtration system for the water plant. The ordinance was passed as an emergency measure and was made necessary because a contract of more than \$500 must be advertised. By last night's action the formality of advertising will be set aside in this case.

All members of council were present when the meeting was called to order as usual nearly an hour late. A committee from the Chamber of Commerce, interested in the water situation, was present and occupied seats in the room. After disposing of routine business council waded into the mass of business before Clerk Woodward.

The street committee recommended the adoption of the penetration method of repairing German and Pataskala street paving at a cost of \$2400. The committee also recommended sidewalks on Washington street. Councilman Knauber voted to accept the report but announced that he would not vote for legislation brought in on the report. He

urged a 35 foot roadway paved to the corporation line.

City engineer Wells reported on the cost of sewers in Eleventh and Ash streets. The sanitary sewer is estimated to cost 95 1-2 cents front foot and the drainage sewer \$2300.

In a communication to council Cyrus Nevins and others protested against the paving of South Third street.

The letter from the U. S. public health department condemning the city water supply, was submitted to council by the health officer. It was placed on file. Dr. Shriver in a short talk said that, according to health department records there is not a case of typhoid fever in the city, a remarkable condition in a city of this size.

The health department reported that gas leakage from the gas producers at the American bottle company's plant was filling the sewers in the north end and was contaminating the water of the North Fork. The letter declared that the gas was a menace to the health and safety of the people of the community. Service Director Christian told council that the company was trying to remedy the trouble.

A letter from the membership council of the Chamber of Commerce offered the service of its special committee on water purification to council in its action in regard to the water supply. W. H. Smith, chairman of the committee urged action on the question. The council was appointed as a committee of the whole to act with the C. of C. committee.

W. H. Miller petitioned council to change the name of German street to Buckeye avenue or some other appropriate name. "No one could think of naming a street, 'China street,'" said the letter. It was referred to Councilman Knauber.

Councilman Curry complained of "soot showers" in the vicinity of the glass factory due to the weekly cleaning of the boilers, etc. It was referred to the law committee.

Mrs. Mary E. Elliott complained of an unfinished sewer job under her sidewalk in Ninth street. She also reported that the Hudson avenue paving in front of her home in that street. The letter was received and filed.

An emergency ordinance authorizing the service director to contract, without advertising for bids, for a water purification apparatus, costing more than \$500. The measure was passed on suspension of rules.

Councilman Keyes' ordinance to borrow \$26,300 in anticipation of the collection of special assessments for the paving of Neal avenue, Evans and St. Clair streets was passed on suspension of rules. Another ordinance to issue city portion bonds for \$5500 for the above improvements and the West Main and Woods avenue sewers was passed on suspension of rules.

An ordinance to issue \$72,000 in bonds to pay for improvements on a score or more of streets for which special assessments have been levied was passed on suspended rules.

An ordinance to issue bonds for \$5500 to repair the central fire station was passed on suspension of rules. It was declared to be an emergency measure because the walls of the building are in a dangerous condition.

Mr. Adams ordinance to vacate an alley on Hoover street was given its first reading. The measure was passed on suspended rules.

A resolution directing the service director and city engineer to investigate the advisability of constructing a plant for the manufacture of ice was adopted unanimously.

A resolution authorizing the service department to rebuild the sidewalk in front of the J. W. Hupp property in Granville street was adopted on suspension of rules.

Mr. Adams' resolution to build sewers in Ash and Woods avenue was adopted.

TANLAC PUTS MAN  
UPON HIS METTLE

Master Medicine Not Only Rebuilds Worn-Out Tissue But Also Fills Men Chock Full of "Pep."

Newark now has great colony of Tanlac-made men. It is a fact that there are hundreds of men in this city who hadn't seen a real well day for years are now boasting of the ideal health the Master Medicine has afforded them. Harry Conners, 115 Jackson street, is one of them. He stated Monday:

"I suffered terrible attacks of indigestion for years. The pain was intense and I bloated so it was difficult to get my breath. I frequently had headache, was nervous, ate but a few bites at meal time and could not sleep."

"When I began taking Tanlac I was in a very weakened condition. The first bottle gave me immediate relief and the second removed every symptom of stomach trouble. It stopped the bloating, restored my appetite and strengthened me. My nerves are so quiet now I can sleep like a babe, never have headache and am full of ambition."

Tanlac, the new vegetable tonic, combatant and invigorant, is being specially introduced at Erman's Arcade drug store, where the Tanlac man gives the particulars to steadily growing crowds daily. Tanlac may also be procured at the Evans pharmacy, Warden hotel bldg., east side square, Newark; at the Hebron drug store, Hebron, Ohio; at the P. H. Richardson pharmacy, Utica. Tanlac is a guaranteed preparation. Advertisement.

## RUSSIA'S LABOR PARTY

WILL GO TO STOCKHOLM

Paris, Aug. 20.—Wm. Goldenburg and Smirnoff of Petrograd, representing the Russian council of soldiers' and workmen's delegates, were received today by a committee

of the general federation of labor and extended an invitation to the confederation to send representatives to the International conference of Socialists at Stockholm. After considerable discussion the invitation was accepted.

## Amusements

ALHAMBRA

Tonight.

In "The Butterfly Girl" a five-reel Mutual Star production featuring Margarita Fischer, Jack Mower, governor of the state, who leaves home and becomes a singer in the Hawaiian Islands of the San Diego exposition.

Girl, Margarita Fischer, who on duty sings the Hawaiian melody "Aloha Oe" to her.

Wednesday.

When "The Beloved Adventuress" comes to the Alhambra theater on Wednesday, Miss Kitty Gordon, really beautiful, will be seen as the star of the attraction. In this newest World-Picture Grand-Made she portrays the character of a woman who is imbued with intense love for her young sister and who goes to great lengths to save this sister from becoming the same kind of a woman that she is.

AUDITORIUM.

The Long Trail.

In presenting Lou Tellegen and Miss Mary Fuller in the Famous Play production of "The Long Trail" on the Paramount program, it is felt that this stellar duo will be unusually popular with the amusement-seeking audience when it will be seen at the Auditorium theater tomorrow and Thursday.

The photograph was written by Dee Russell and the fact, coupled with the fact that the production was directed by Howell Hansel and has for its stars two of the best known screen favorites, should more than touch for its popularity.

Lou Tellegen is seen as "Andre Du Bois," the young French-Canadian trapper, living in the wilds with his little sister, Michelle. Mary Fuller plays Louise, Graham, an orphan whose only living near relative is her escapee brother. The way Andre unconsciously compromises Louise and causes her hypocritical friends to desert her, and then marries her, save her from the advances of the smooth lumbermen of the place makes this showing of this well-known farce picture is also a return engagement.

Picture is also a return engagement. Picture is also a return engagement.

Play Victor Records with  
Victor  
Tungs-tone Stylus

Will play 100 to 300 records without changing  
Packages of four, 10¢

If used with proper care, four Tungs-tone Styli (one 10¢ package) should play 1,000 records.

When playing Victor Records, carefully lower the sound box and place the stylus or needle upon the smooth outside rim of the record and gently push into the record groove.

Manufactured exclusively by the  
Victor Talking Machine Company, Camden, N. J.

New Victor Records demonstrated at all dealers on the 1st of each month.

# Victrola

"Victrola" is the Registered Trade-mark of the Victor Talking Machine Company designating the products of this Company only. Warning: The use of the word Victrola upon or in the promotion or sale of any other Talking Machine or Phonograph products is misleading and illegal.

large yesterday and the picture "The Squaw Man's Son" with Wallace Reid and Anita King save the greatest of satisfaction. It is a Lasky-Paramount picture, being a sequel to Edwin Milton Royle's famous play "A Squaw Man." The cast is good, the stars are supported by H. B. Carpenter, Dorothy Davenport, Raymond Hatton, Frank Langford, Charles B. Clary, Ted Dugan, Donald Bowles and others. The last showing of this Paramount feature will be seen today.

Tomorrow and Thursday the Auditorium will show another Paramount feature. It also being Lou Tellegen's first appearance in some time. The play "The Long Trail" presented by the Daniel Frohman Co.

These two clever kiddies, Jane and Katherine Lee, are to be seen at the Auditorium Friday and Saturday in "The Two Jims," a special picture in which they are the co-stars. As an extra added feature Theda Bara will be seen in a Super-De Luxe Fox feature "The Darlings of Paris." This picture is also a return engagement.

Episode missed last week will be seen at the Auditorium tomorrow in connection with the Paramount feature "The Long Trail."

Knowing the wants of an over-exposed public the producers of the new "Peck's Bad Boy" have spread them out and spared neither pains nor expense in making this attraction second to none in the comedy field. As they have had this well-known farce entirely reconstructed throughout by the well known composer, Irving Berlin, who has interpolated sixteen new song numbers, making it a big show at little money, as this is what the present day amusement lover demands. At the same time the cast has been carefully chosen from the vaudeville ranks of the profession headed by popular comedian, Jacques Raimu. A complete scenic mounting is carried out and sixteen catch songs numbers are introduced during the action of the comedy. Popular prices will prevail during the engagement at the Auditorium Saturday, August 20th. Seats ready Thursday.

C. H. SPENCER, President  
Terms of Subscription:  
One copy 2c  
Preserved by carrier by week 10c  
Delivered by mail by month 12c  
Entered as second class matter March 10, 1882 at the postoffice at Newark, N. J., under Act of March 4, 1879.

Now that China has declared war, it should be possible for our army to get its clothes washed.

There is a general willingness to accept the pope's peace plan, provided every power gets all it is demanding.

Being told that he ought to make a noise in the world, the young man of the period gets out on the road with an unimpaired motorcycle.

The only thing that worries the anti-suffragists nowadays is the fear lest the suffrage patrol around the White House will get tired and quit.

Another sign that the aliens are not thoroughly Americanized is that they aren't smart enough to think up a lot of reasons why they should be exempted.

The pedestrians favor the patriotic campaign to save gasoline for war uses, and the motorists favor the shoe leather saving campaign for similar reasons.

Weather conditions have been favorable for good crops, but the farmers will as usual display their resourcefulness by finding something to grow about.

Much satisfaction is expressed by automobile owners with their glaring headlights last night, confuse other drivers so much that they all get out of the way in the bushes.

The modern idea of attending musical culture is sawing out pianola music by leg power, and sitting in the easy chair listening to wound up phonographs.

Surprise is expressed that some impecunious people are able to afford automobiles, but probably they feel there is no risk buying them with other people's money.

The fact that the public is buying the war industrial stocks freely is a pretty sure sign that the war is drawing to a close and the profitable time for these stocks is over.

It was predicted that American inventive genius would do big things in this war, and the ingenious excuses got up by the exemption claimants abundantly proves it.

The militant suffragists that surround the White House are determined to prove that women have a right to vote, even if they have to get thrown into jail to demonstrate it.

**PATRIOTIC ORATORY.**

In order for a nation to wage war successfully, it is necessary for the people to understand what they are fighting for. In the civil war the average citizen had been talked, argued, and educated for a generation. Everyone on both sides of the line knew what he was fighting for. In this war the issues are largely new. There are many people who do not read much, who do not thoroughly understand what we are fighting for. They should be made to see how our rights as a nation have been trampled upon. They should understand how when once a nation allows its citizens to be murdered without taking action to stop it, it is forever afterward viewed with contempt and no attention is paid to its demands. A

nation as well as a man must stand up for its rights. There is a call for patriotic oratory. Our Congressmen will soon be coming home, let them get to work in this way. Every one who has the gift of public speech should be drafted in this cause. A feature of every cross roads picnic and public meeting should be the patriotic speech, in which the causes of the war should be made clear to all the people.

**PUNISH TREASON AS TREASON.**

(New York World.)  
There are Senators in Washington who feel that Eliza Root was guilty of a grave indiscretion when he said that "there are men walking the streets of this city who ought to be taken out at sunrise and shot" and that "there are some newspapers printed in this city the editors of which deserve conviction and execution for treason."

If the truth is indiscreet, then Mr. Root was indiscreet, but not otherwise. The facts are sufficient to support every word of Mr. Root's demand, unless we are to assume that treason is merely a conventional offense and should not be regarded seriously.

Since the United States entered the war the German propaganda has been more active and audacious than it ever was before. It has been compelled to disguise its operations, but the disguise on the whole has worked to its advantage.

Previous to the declaration of a state of war on the part of Congress, immense sums of German money had been expended in debauching American sentiment, and it is apparent that the expenditure still continues. In the case of the Virginia mountaineers convicted of treason Friday the Government produced evidence to show that one of the prisoners had boasted that the money that he was using came from German agents. Men who were hired champions of the German cause previous to April 6 are still industrious champions of the German cause, except that they have adroitly shifted the issue. New means have been provided for giving aid and comfort to the enemy, but the work is proceeding on an unprecedented scale.

Socialism is now one of the principal agencies of the German propaganda, and Socialist newspapers that once struggled for a bare existence are flourishing as they never flourished before. The Sinn Fein Irish propaganda is equally prosperous, and the I. W. W., which is the most notorious criminal organization in the world, is carrying on its campaign of murder and sabotage with renewed energy. Its leaders are flush with funds for any kind of an attack they care to make against American industry.

In the case of the Russian Jewish radicals from the east side, whose traitorous activities in behalf of Germany both here and in Russia almost challenge belief, there can be no doubt whatever of the German financial connection. None of this work is done nominally in behalf of Germany. It takes the form of propaganda against capitalism or against modern industrialism or in behalf of an independent Ireland, or for peace, but in every instance the full force of the conspiracy is directed against the military activities of the United States in order to diminish the power of this country in the battle against autocracy.

Essentially all of these German agencies center around a pacifist movement, which is closely connected with them, which has its spokesmen in Congress and is used to reach people who would not be susceptible to Socialist, Sinn Fein, I. W. W. or Russian Jewish influence. It is all German, and from The World's previous experience in obtaining documentary evidence as to German plots in the United States to German plots in the United States that it is bought and paid for with German money. To a large extent it is carried on by the same men who were in the German service before April 6.

Mr. Root was right in what he said about the necessity for stern measures in dealing with this situation. It is the duty not only of the National Government but of State and city governments to organize a general campaign for the detection and punishment of treason which is now flaming itself openly. Many of the Socialist, Sinn Fein, I. W. W. and Jewish radical publications of the German propaganda are in themselves the "overt act" which the Constitution prescribes as proof of "adherence to their enemies," giving them aid and comfort. If there is any treason in American history when treason deserved to be punished as treason that time has come, and the longer the delay the deeper this cancer will eat into the vitals of the Republic.

**25 Years Ago**

(From Advocate, Aug. 21, 1892.)  
The home of Alexander Wells, near Pataskala, burned to the ground yesterday.

The County Board of Elections at their meeting yesterday, ordered the securing of a room in the Hubbert and Schaus building.

A special train will leave this evening to accommodate the Knights of Pythias excursionists to Kansas City.

Charles Phelps, superintendent of the Louisville and Nashville R. R., who has been living ill for the past month is now convalescing. Dr. Chambers left this morning for Chicago.

The simple natures and forces will always be the most pleasant ones. Water bends and shapes itself to any channel. Air folds and adapts itself to each new figure. They are the simplest and the most infinitely active things in nature. So this nature, in very virtue of its simplicity, must be also free, always firing itself to each new need.—Phillips Brooks.

**The Kicker.**  
At finding fault she was a bird, And when I asked of kicking, "How is she next?" he said, "I've heard That she's alive and kicking."

**Cousin Was Offended.**  
Aunt Caline says—"They was a terrible excitin' time down to Obie Still's on a Wednesday when Sells A. Lott which is his cousin got killed from havin' a tree fall onto him which he was a-cuttin' it down. They had a office funeral an' Mr. Will B. Ithard he made the attempt at preachin' an' he says, "This here corp which is ded be fore us," says he, "led a most uneventful life. He didn't never hurt nobody, but his," he says, "which he had a tree fall onto him an' couldn't throw it off," he says, "But he wasn't what you would call a Christian." An' rite then Obie he got up mad as hops an' says he, "This here corp is my cousin," he says, "an' I'll have you know he's ever blamed bit as much of a Christian as what I be," he says.

We have caught D. H. Hordin in South Carolina and as we have been instructed so explicitly not to we think the proper authorities ought to do something about it.

**Tut! Tut!**  
The shades of night were falling fast, When down the bathing beach they passed. A maid who wore 'twixt toe and knee Not much that anyone could see. Exclaimor!

And every man as she passed by, Gazed at her with a heart-felt sigh. And said, "That figure's just for me!" The women, sneering, said: "See-lee! The women, sneering, said: "See-lee!"

**Welcome.**  
I bid you welcome (my young friend Marie), To the circle of the M. P. family. I hope we'll be good pals; For we're the only gals Who "infest the Pot," says our friend Willie G. And we must call him "Cap" for he's boss of the M. P.

This (Her Ann) is my advice to you: Be careful how you stray to pastures new. Because the waters hot In our old Melting Pot And we (You needn't smile for it is true) Ate very fond of green beans and lamb stew. F. G. I.

**STORE VEGETABLES IN GROUND FOR WINTER; HERE'S DIRECTIONS TO PREPARE THE PIT**

(By OHIO DEFENSE COUNCIL)

Columbus, O., Aug. 21.—Following is today's tip from the Ohio Defense Council to citizens on how they can help the United States win the war:

"Spent bullets don't kill the enemy—though it costs money to make and shoot them. The war gardener or farmer who permits vegetables and other food stuffs to go to waste is a maker of 'spent bullets' in the war with Germany. Every bit of food produced in America must be conserved, says Herbert Hoover, the Nation's controller.

"Tons of produce can be saved this year by the old-time method of 'burying' for storage. Potatoes and other vegetables will keep fresh all winter by storage in old-fashioned farm 'pits'.

"Here's how to go about it: Dig a hole one foot to 15 inches deep, saving the earth to cover. Pile vegetables as upright as possible. Cover first with clean straw, then with earth to depth of three or four inches, leaving small opening at top for ventilation. Cover this opening with loose boards to keep out rain. With freezing weather, cover with clover chaff or litter from stable to depth of four or five inches, and again with earth of same depth. This will keep out frost in ordinary winter, but should not be left on too late in the spring or contents will get too warm."

**The World War a Year Ago Today—Aug. 21.**  
German counterattacks at Fleury repulsed.  
British attack on the Somme penetrated Guillement, but were finally repulsed.

**Two Years Ago Today.**  
Italian artillery bombarded the Austrian camps in the defenses before Trent.

**GAS IN THE STOMACH IS DANGEROUS**

Recommends Daily Use of Magnesia to Overcome Trouble, Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so called "acid indigestion."

"Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours creating the distressing gas which distends the stomach and hampers the normal functioning of the vital internal organs, often affecting the heart."

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, sweeten and blot right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by their ends of people who enjoy their meals with no more fear of indigestion.

**BANISHES NERVOUSNESS**

Puts Vigor and Ambition Into Run-Down, Tired Out People

If you feel tired out, out of sorts, despondent, mentally or physically depressed, and lack the desire to accomplish things, get a 50-cent box of Wendell's Ambition Pills at T. J. Evans today and your troubles will be over.

If you think too much, smoke too much, or are nervous, because of overwork of any kind, Wendell's Ambition Pills will make you feel better in three days' or money back from T. J. Evans on the first box purchased.

For all affections of the nervous system, constipation, loss of appetite, lack of confidence, trembling, kidney or liver complaints, sleeplessness, exhausted vitality or weakness of any kind get a box of Wendell's Ambition Pills today on the money back plan. - Advertisement.

## Granville

[Special to The Advocate]

Granville, Aug. 21.—Denison University, the "Greater Licking County" college, is on the map of the world, and it is there to stay. "When this cruel war is over," this geographical center of one of the greatest states in the nation is going to be heard from as never before, and in a way to make Granville, Newark and all Licking county claim it as a personal asset. President Chamberlain, who knows more about next fall's registration than he has time to tell, has this to say about one, at least, of the next year's students.

"At the time of the Boxer rebellion in China, the various governments of the world co-operated in its suppression. In accordance with the terms of peace, China agreed to pay an indemnity to all of the countries participating in the suppression of the outbreak. All governments except the United States received from China the full amount of the indemnity. The United States, in its great desire to deal fairly with China, notified its government that it had deducted from the indemnity received the bare cost of its share in the expedition and that it was returning to China a large portion of the indemnity which China had agreed to pay the United States. China was so favorably impressed with the unusual treatment that it decided to make as much as possible after the country whose policies could lead to such admirable diplomacy. The Chinese government, therefore, notified the government of the United States that it would use the indemnity returned for the purpose of sending choice students from China to study in the colleges and universities of the United States. In the hope that these young people would carry the spirit of the great republic and could bring back to their home land those ideals which were so admirable.

"In order to prepare these young people who are selected by the Chinese government to enter the colleges of the United States, a certain portion of the indemnity has been used to support Tsing Hua College in Peking. Here the choicest students of China are trained in the usual requirements for admission to American colleges. The government then pays all their expenses to America and supports them during their four years' college course.

Denison University has been honored by the Chinese government by being accepted as one of the approved colleges. President Chamberlain has received a message from President Y. T. Tsui, of Tsing Hua College, saying that on August 18th he was sailing from Shanghai with a group of Chinese students, one of whom, Chen Tso-Hsiang, would study in Denison University. Chen Tso-Hsiang is a graduate of Tsing Hua College and will enter Denison, having completed all the requirements for admission. He brings with him personal letters of introduction from the administration of the college and the Chinese government. Denison is to be congratulated upon this recognition of its standing in the Far East.

"Mrs. Ewart Carney of Dayton, with her little son is visiting at the Carney home on Burg street hill. Charles B. White has gone to Detroit, Michigan, for a week's fishing and much needed relaxation. Mrs. White is at home caring for her mother, Mrs. Stella Baneroff, Sukedorf of California, a daughter of the late Dr. Bancroft of Granville, who is lying quite ill at the residence on Mt. Parnassus.

K. H. Eschman, director of Denison Conservatory of Music, has just issued the new catalogue which is a work of art. It contains fine half-tone portraits of President Chamberlain, Director Eschman, Prof. Soule, Prof. Coons, Miss Ferrar, Miss Brown, Mrs. Lockmann and Miss Smith.

Prof. and Mrs. M. E. Stickney are entertaining informally this afternoon and evening for the pleasure of their brother and sister, Prof. and Mrs. J. Carleton Bell, of Brooklyn, N. Y., who with their two children will remain until Thursday at the home on the Burg street hill.

Miss Frances Carney is visiting at the country home of Mr. and Mrs. A. A. Stasel, near Hanover. Mr. and Mrs. James Munn of Chicago (nee Cecile Shreve), are visiting in town for a few days with headquarters at the home of Mrs. Rockwood in South Mulberry street.

An informal porch party was given by Mrs. Burton Case Monday evening at her home in West Broadway for the pleasure of Mrs. G. F. McKibben, her guest, Mrs. Oscar Arnold, Mrs. Fred Holden, both of New York City; Miss Mary McKibben just arrived from Berkeley, California, and Miss Ethel Jones.

The omission of one negative from yesterday's remarks concerning the yesterday's lawn completely changed the meaning.

The first shall be last; which may explain why a woman comes first, when she wants the last word.

## THRIFT SLOGANS

How to Save Foods, Labor and Gas by Planning.

## DOUBLE PORTIONS THE IDEA

An Expert Tells Us How to Conserve Odd Ends Instead of Enriching the Garbage Pail with Leftovers—A Role For the "Tail End" of Steaks.

In these days when "thrifty" is the housewives' national slogan it is well to consider methods which will enable the last fragments to be utilized.

In many homes a leftover is an accident, but the better way is to make a "planned over" which shall be put to really wider use. For instance, when buying a steak with a tail end have this end chopped by the butcher. But do not stop there. Buy at the same time enough chuck or lower round steak to make enough of the meat so that when all chopped together there will be enough for a second meal two days later, whereas the small tail alone would not have been enough.

In cooking rice for luncheon cook enough more so that there will be sufficient for rice cakes for breakfast, not merely a small saucerful with which hardly anything can be done. Similarly with many other foods, which by cooking about one-third more the first time will prove sufficient for a second meal, rather than have left such a small portion that it will likely be thrown out and considered not worth saving.

In cooking vegetables it is easy to cook at one time a double portion, to be divided into two days' use. For instance, carrots or spinach or asparagus can be cooked with one using of fuel, then used one day hot, one day cold. The water must be saved in which it was cooked. This, when combined with cream, will make a delicious cream soup for luncheon of the third day. It is in the water of the vegetables that the most valuable mineral salts are to be found, so that by saving them we are also saving food values.

In making pie crust make sufficient extra to have for tarts or small cheese crackers by adding old grated cheese to the paste before it is cooked. In preparing any kind of cornstarch or tapioca pudding make it in small molds instead of in a large one. The small molds will serve just one person, and there is likely to be little waste, where if a large mold is used the portions will not come out even, and there is likely to be waste.

Everywhere that the "double cooking" can be given and fuel thus saved there is economy. Very many families cook separate meat, potatoes and vegetables over separate burners every day, when by the double cooking they could not only save time, but fuel and material, if more were cooked at once and the remainder of the dish made a "planned over" instead of a "left over."

In cooking cereal there is always a little left over, which in many homes is thrown out or put on a saucer, expecting to be warmed, but which never is. Why not, instead, cook more and then pour the excess into muffin rings, where it can be made into cakes to fry for lunch or next day's breakfast? Or enough can be saved to form the basis of griddlecakes, muffins and similar dishes.

If fish is used buy enough so that the second amount can be made into cakes or scalloped forms, etc. The bones and waste can be used in a soup, which, if well seasoned and strained and combined with rice, will conserve the most nourishing values of the fish.

## MILITARY MODEL.

Most Millinery For the Fall Copies the Army Caps.

A LA RUSSIE.

Black satin covered, this turban makes its hit by line, the craze for fall hats being mostly for national shapes of the different armies. The scroll veil does an amazing lot of trimming too. A stunning hat for service.

## To Prevent Graining.

Often maple syrup and other sugar syrups grain when left standing for some time. This can be prevented, however, if a teaspoonful of cream of tartar is added to the syrup and the contents brought to a boil before it is set aside.

## Taking Out Stains.

Camphorated oil will clean the marks made by hot dishes on the polished table. Rub grass stains with molasses and wash.

Maybe you can't drown your sorrow in the flowing bowl, but you can make your head swim.

## Personal

Dr. and Mrs. E. L. Dunn and daughters are spending a few days with the former's mother in Buena Vista street.

Mr. and Mrs. Charles E. Matthews and children of Detroit are visiting Dr. and Mrs. J. H. McCahon.

George Williams, of Cleveland, is visiting his brothers, Messrs. Edward and Dwight Williams.

Mrs. Henry Close of Ninth street spent yesterday in Mt. Vernon, the guest of her brother, H. Lawrence Beecher.

James Yankie of 425 North Fourth street has returned home after spending six weeks in Cincinnati.

Mrs. Emma Rogers of Pataskala, left August 16 for a trip to the Pacific coast. Mrs. Rogers will visit Yellow Stone National Park, Pike's Peak, Cripple Creek, Col., Glenwood Springs and from San Francisco to Portland Oregon and all points of interest.

Mr. and Mrs. Jesse Frad of Chillicothe are visiting Mr. and Mrs. N. Frad of North Fourth street.

Mrs. Josephine Nies, South Fourth street, returned home after a four-weeks' visit in Indianapolis, Ft. Benjamin Harrison, Ind., Winton Place, Cincinnati, and other cities.

Miss Edith Anderson, 656 Mt. Vernon road, and Miss Virginia Caldwell of Pataskala, are visiting this week, at the home of the former's cousin, Miss Dorothy Williams, of Hanover.

Leo Danner of Lancaster spent Sunday in Newark visiting friends.

Miss Evelyn Dial of the J. J. Carroll store is spending her vacation at Danville.

Mrs. Clyde Richards and daughter Margaret and Miss Virginia Bradley of Chicago Junction are visiting friends and relatives in Newark.

Misses Betty Devlin and Clara Copeland are spending their vacation at Buckeye Lake.

Miss Martha Fitzgerald of Ravenna, is the guest of Miss Frances Duly of West Main street for a few days.

Mr. and Mrs. Edward Sullivan of German street were visitors in Cincinnati Sunday.

Mr. and Mrs. George Stasel attended the celebration of Irish day at Coney Island, Cincinnati, Sunday.

Mrs. Katherine Blessing of Poplar avenue is visiting relatives in Springfield.

Mr. and Mrs. H. W. Wright, Buena Vista street, have returned home from a trip to Sandusky, Detroit, and points in Canada.

Mrs. Mabelle Irwin and daughter Virginia, are the guests of Mr. and Mrs. John Wintermute, Hudson avenue.

Dr. and Mrs. Leland Baxter, North Sixth street, have returned from a trip to Toledo.

Mr. and Mrs. Jesse A. Flory, West Church street, have returned from their wedding trip.

Miss Dorothy and Irma Hirschberg will return home Wednesday from Pittsburgh where they have been visiting.

Lieutenant and Mrs. Arthur Thompson of Gambier are guests of Mr. and Mrs. Cliff Hawkins, 29 Elizabeth street.

George Wilson of Washington, D. C., has returned home after visiting his sister, Mrs. Andrew Strong, Buena Vista street.

## CANNING RULES

FROM U. S. Department of Agriculture

## Cheap Peaches for Mid-Winter.

Wash your jars; wash rubbers; test rubbers for quality; set empty jars and rubbers in pan of water to heat. Fill washboiler to cover jars two inches with water; heat water in washboiler.

Wash peaches, cut out rot spots; put peaches in a square of cheesecloth or wire basket; dip one minute in kettle of boiling water; plunge immediately into cold water; skin the peaches; leave whole, or cut, as preferred. Pack peaches in hot jars; fill hot jars with hot syrup or boiling water; put rubbers and tops in position; tighten tops; not air tight; place jars on false bottom in washboiler; submerge jars two inches. Let the water boil 16 minutes. Start counting when water begins to boil.

Remove jars; tighten tops air tight; invert jars to discover leaks; if leaks are found, change rubbers and boil again 5 minutes. Wrap jars to prevent bleaching. Store in cool, dry place.

## Milady's Boudoir

How Gracefully to Gray Hairs. When the first gray hair appears it is a shock to most women. They feel that youth has suddenly been left behind, and that they have passed into another world. The world of old age and ugliness.

They determine to hide these gray hairs, either by a dye or possibly they will invest in artificial hair to cover all the offending gray locks.

This works all very well for a time, but the aftermath is bound to come. It doesn't take a very close observer to notice that the edges of the ears are soiled by the dye from the hair, or that even the whiteness of the neck is streaked.

Many women resort to a bleach and soon the hair near the roots is several shades darker than the balance of the hair. This means con-

**Bobby SAYS**  
"The right food for hot weather—POST TOASTIES"

stant touching up at the roots, which soon results in brittle dry, broken hair. Soon the hair looks dull and lifeless and the owner would gladly give half she is worth if her hair could be at once transformed to its original color and condition.

Better by far to bow gracefully to the inevitable than resort to methods which deceive no one by their artificial mockery.

## Our Boys and Girls

Nearly all children have a tendency to suck their fingers. Try this method and see if it doesn't work out successfully. Buy one half yard of surgeon's plaster at a drug store.

It comes on a spool about two inches wide; then cut a strip about one quarter inch wide, or wider if the child's fingers are broad, then cut this half yard strip in short lengths; then take one and stick right over the top of fingers and cover the nail, then another strip and put right around the first strip and down to the knuckle.

The surgeon's plaster will stick and be firm. Do this every night before the child goes to bed, for one month. She may try to suck the plaster at first. If so, put on another piece in the morning, making sure never to let the child's fingers be without the plaster.

## Every Day Etiquette

"When a husband and wife are invited to a church wedding and a reception following at the home of the bride's aunt, how should the invitation be answered when the invited ones are unable to accept the invitation on being issued in the name of the bride's parents?"

Under such circumstances one of the wife's cards should be posted to the bride's parents the day of the marriage," advised her city friend.

## ANNOUNCEMENT.

C. F. Hagner, professional piano tuner, voicing, action, regulating and player pianos, a specialty. Auto, phone 1777, 77 Commodore street, 6-18-d-1f

## You Must Be Earnest.

That which dominates the life, which is ever uppermost in the mind, generally comes somewhere near realization; but there is a great difference between a lukewarm desire and a red-hot purpose. It takes steam to drive the piston in the engine; warm water will never turn the wheels. The longings that fall of realization are usually just below the boiling point.—Orison Swett Marden.

## OHIO DEFENSE COUNCIL ECONOMY TIPS

BREAD CRUMB GRIDDLE CAKES

Columbus, Aug. 21.—Following is

the first of a series of daily war bulletins, issued by the Ohio Defense Council in an effort to show the average citizens how he can help the United States win the war.

"Don't waste bread! Millions of barrels of flour must be shipped.

"Over in England they value it almost as gold dust. A British hotel man was fined \$300 for permitting a loaf of bread to go to waste. Bread, although stale, can be used. Dried bread crumbs may be partly substituted for flour in batter and doughs.

"Ever hear of bread crumb griddle cakes? Try this: 1-2 cups fine

stale bread crumbs; 1-2 cup scalded milk, 2 eggs; 1-2 teaspoon salt; 2 teaspoons melted fat; 1-2 cup flour; 4 teaspoons baking powder. And milk and fat to crumbs; soak until soft; add beaten eggs, then flour which is sifted with salt and baking powder.

"French Rarebit" sounds like a luxury. It isn't. It's a war economy. Make it this way: Fill baking dish with alternate layers of stale bread that has been sliced, spread with butter and cut into small squares, and of cheese, grated or ground. Moisten thoroughly with a mixture made as follows: 1 cup milk; 1 egg; salt, cayenne pepper and mustard. Bake until browned on top."

offers \$15.00 cash prize for the best  
name for their new suburb west of  
Sixteenth Street, along the Cherry  
Valley Road and known as the Rein-  
hard Scheidler Farm.  
Streets paved, and all modern im-  
provements. All suggestions must  
be in by September 10th at 1 P. M.,  
1917.  
Cherry Valley Land Company.  
8-21-17t-th-9t 493 Trust Bldg.

**Price Is Advanced.**  
The days of the five cent shoe  
seem to be numbered. Announce-  
ment is made that beginning Sep-  
tember 1st the price of shoe poli-  
shing will be 10 cents on Saturdays,  
Sundays and holidays. In several of  
the shops it will still be possible to  
get a shine for a fifty on Mondays,  
Tuesdays, Wednesdays, Thursdays  
and Fridays.

**Patent Is Issued.**  
H. E. Dunlap, patent attorney of  
Wheeling, announces that a patent  
has been issued to H. J. Sanford,  
assignor to A. H. Hetty & Com-  
pany for a molding apparatus for  
glass candlesticks.

**Birth Announcement.**  
Mr. and Mrs. B. F. Buckwalter,  
131 Tenth street, announce the  
birth of a daughter this morning.

**Overheated Store.**  
Fire caused by an overheated  
stove in the residence of Mrs. A. D.  
Davis, 135 Madison avenue last  
night, resulted in slight damage to  
the house.

**Changing Residence.**  
Mrs. D. A. Ganey and family are  
moving from 142 Hudson avenue to  
flat 4 in the Henrietta apartments,  
corner of Fifth and Church streets.

**Successful Tag Day.**  
The tag day recently held for the  
benefit of the American Field Service  
in France resulted in a total collec-  
tion of \$789.80. Of this amount  
\$48.76 came from an ice cream social  
conducted by Mrs. H. G. Miller at  
her home in Franklin's addition, the  
remainder from contributions given

the young ladies soliciting around  
the square, at the factories and  
through the residence section of the  
city. Our citizens responded most  
generously to this call for funds and  
can feel well satisfied with their  
contribution to this deserving work  
of aiding our own allies force at the  
front.

**Police Recover Property.**  
Police, on a search warrant, last  
night, searched a barn belonging to  
L. O. James, Locust and Clinton  
streets, and recovered four wheels  
which were stolen from Park  
Holmes, transfer man. James is be-  
ing held pending trial tomorrow.

**W. C. T. U. Meeting.**  
The Frances Willard W. C. T. U.  
will meet Wednesday afternoon in  
the Neal Avenue M. E. church at 2  
o'clock.

**Joins the Colony.**  
Mrs. J. W. Dudgeon of Wilkins  
Corners and Miss Elizabeth Smith of  
Jacksontown, left this morning for  
Detroit from which place they will  
take a lake steamer for Mackinack  
Island to join the colony of hay  
fever sufferers. They expect to re-  
main for a period of six weeks, or  
until after the first frost.

**Miss Agnes Murphy of J. J. Car-  
roll's store, is ill at her home in  
South Fifth street suffering with  
blood poisoning which has affected  
one foot.**

**Takes New Position.**  
Miss Florence Friendenburg has  
taken a position with the A. Schiff  
company in East Park Place.

**Purchasing Lumber.**  
C. J. Drake, former Newark news-  
paper man, was in the city last  
evening for a few hours before re-  
turning to Chillicothe where he is  
employed by the contractor of the  
army cantonment. Mr. Drake was  
in Columbus purchasing a con-  
signments of lumber for the government.

**Run Over by Auto.**  
Patrick Mahoney is at the city  
prison recovering from a sprain and  
minor injuries which he suffered  
when a large touring car, owned by  
M. J. Reese and driven by Dr. J. T.  
Lewis, backed onto the man in the  
alley leading to the Lewis garage.  
He was minus hat, coat and shoes  
when the car ran over him.

**Returns Home.**  
M. Schonberg, wholesale junk  
dealer, South Fourth street, returned  
today from Cleveland where he had  
been the guest of his brother for the  
past week. Mr. Schonberg had ex-  
pected to go to New York on a 10-  
day business trip, but was compelled  
to return to this city on account of  
illness.

**Witnessed Special Screenings.**  
Manager Geo. M. Fenberg of the  
Auditorium theater, and R. A.  
White, were in Columbus yesterday  
as the guests of the William Fox  
Corporation, and witnessed special  
showings of "The Honor System"  
and "Jack and the Beanstalk,"  
which is booked to appear at the  
Auditorium later.

**Buy Lumberyard Site.**  
Carl Reinhold, plumber, in Elm-  
wood Court, is moving into the of-  
fice building on the lot at Fourth  
and Locust streets, recently purchas-  
ed by him of John H. Swisher. Mr.  
Reinhold may at some future date  
erect several modern dwellings on  
the lot facing Locust street.

**Takes New Territory.**  
Prof. H. E. Stutz of Columbus,  
well-known traveling salesman, who  
made Newark for several years, but  
who was assigned new territory last  
fall has been assigned to southern  
and eastern Ohio and is in the city  
today renewing old acquaintances.

**Enjoying a Vacation.**  
Miss Edith Greene, stenographer  
and record clerk in the justice court  
of Fletcher S. Scott is enjoying a  
short vacation, a part of which is  
being spent at the lake.

**Marriage Licenses.**  
Walter J. Braden, rubber worker  
of Akron, O., and Mrs. Bessie Tressell  
of this city. Rev. G. Bohon Schmitt  
named to officiate.

**James Moore, a brick maker, and  
Mrs. Cora Belle Dayton, both of  
Hanover, O. Justice Fletcher S.  
Scott named to officiate.**

**Married by Justice.**  
Justice Fletcher S. Scott officiated  
at the marriage of James Moore and  
Mrs. Cora Belle Dayton of Hanover,  
Ohio, the ceremony taking place in  
the justice office in South Third  
street in the presence of a number  
of witnesses. The newly weds will  
reside at Hanover where the groom  
is employed in the brick plant.

**Inspecting Bridges.**  
The county commissioners drove to  
Brownsville this morning for the  
purpose of inspecting several bridges  
which are badly in need of repairs.  
Wednesday will be the regular meet-  
ing day for the officials when bills  
will be allowed.

**Constable Gates Ill.**  
Constable Joseph Gates, of Justice  
Fletcher S. Scott's court is ill at his  
home in Ash street and unable to  
look after the duties of his office.

**Real Estate Transfers.**  
John L. Nutter to The Licking  
Land company, intot 5735 in Cedar  
Crest addition, \$1, etc.  
The Newark Suburban Realty  
Company to Nettie Seymour, lot 57  
in Madison Heights addition, \$350.  
Emma Martindale to H. W. Rus-  
ler, land in Johnston, O. \$1,500.  
Earl K. Pratt to Lena E. Cooper-  
rider, two parcels of land in John-  
stown, O. \$1, etc.

**Sues to Recover Money.**  
John Millay has filed a petition in  
common pleas court against Frank  
M. Palmer, in which he alleges that  
he leased a 68-acre farm near Sum-  
mit Station to defendant, who took  
possession about October 16, 1915,  
and that in February, 1916, while  
the plaintiff was temporarily de-  
ranged and without the legal capac-  
ity to transact business, induced him  
to pay defendant \$1900 to give up  
and vacate the premises, which he  
now seeks to recover.

**GOVERNOR'S WEDDING.**  
ASSOCIATED PRESS TELEGRAM  
Columbus, Aug. 21.—Dr. Washing-  
ton Gladden has been selected to of-  
ficiate at the marriage of Miss Mar-  
garetta Blair of Chicago, and Gov.  
James M. Cox.

**ADAMS AGAIN HEADS  
FARM DISPLAY DEPT.**  
AT OHIO STATE FAIR.  
For the fourteenth consecutive  
year, Thomas E. Adams, gardener,  
of this city, has been appointed su-  
perintendent of the agricultural depart-  
ment of the Ohio State Fair. He  
will have charge of the farm exhibi-  
tion. Adams has had wide experi-  
ence in this work and the fact that  
he has been repeatedly under differ-  
ent administrations indicates that  
his work is satisfactory. N. E. Shaw,  
secretary of the state board of agri-  
culture made the appointment.

**SOLDIERS' MEDALS**  
Editor of The Advocate.—I wish  
to extend my hearty thanks to all  
who contributed to the bronze med-  
als for the Licking County boys who  
are in the United States military  
service. The medal was received  
with great pleasure. I am very  
proud to know that our loved ones  
are doing their little  
"hitch" in a way that makes every  
loyal soldier willing and ready to  
serve his country and go to the front  
and fight for the Stars and Stripes  
which have waived over our land of  
the free and home of the brave.  
Let's keep it that way. My father  
who served four years in the Civil  
War and two uncles who served in  
the Mexican War have shed their  
blood. Why not? It is every man's

ARTHUR B. COULTER.

Arthur B. Coulter, a young man who is able to help make this  
one of the greatest standing armies  
the nation has ever had. With every  
man's help the United States will be  
the winning and honorable nation  
in this great crisis which is facing  
us at the present time. Our camps  
are modern, our rations are good  
and plenty, equipment is comfort-  
able, we have all the means to win  
with and every man is eager to go  
to the front and do his "hitch" may  
it be short or long. We know not  
which. All that we know is that  
God above will be with us and guide  
us to victory. We have all the  
courage that makes a soldier ready  
to fight and we think that the war  
our Batteries are drilled, we are  
equal to or better than any outfit in  
the field today and they will find us  
with our Advocate service medals  
around our necks in our camps and  
in the field of battle. We love them  
and the givers, God bless them.  
I remain yours faithfully to the  
end.

ARTHUR B. COULTER.  
Bat. C, 1st O. F. A.  
Ft. Benj. Harrison, Ind.

**MEDALS ARE APPRECIATED.**  
Editor of The Advocate: Through  
you I want to thank the people of  
Licking county, who contributed the  
money for the medals which were  
sent to the Licking county soldier  
boys.

I deeply appreciate this token and  
will be proud to wear it as a Licking  
county boy.

We have eleven boys from Denison  
University with the Battery so we  
think that Licking county is well  
represented. Very sincerely yours,  
LEE E. MOORE,  
1st Sergeant, Battery "D," 1st  
F. A. Ohio, Triangle Park, Dayton,  
Ohio.

Editor of The Advocate: The  
Medal which you sent me has been  
received and I wish to thank you  
and the people of Licking county for  
this token of your appreciation. With  
the knowledge that the people of the  
country have placed their faith in us  
it is impossible for us to fight any  
other way than that which becomes  
a true American. Yours truly,  
LEE E. GREEN,  
Ohio Field Artillery, Ft. Harrison

Yesterday evening's Columbus  
Dispatch has this to say of the Lick-  
ing County Soldiers' medals:  
Every Licking county soldier will  
carry wherever he goes a little med-  
al, significant of the appreciation in  
which he is held by the people of  
that country who remain at home. It  
was the idea of Charles H. Spencer,  
of the Newark Advocate. He invited  
subscriptions to a fund with which  
to provide these medals, and not a  
number of small amounts. Only a  
little was asked so that every body  
could have a share in the expression.  
It was a fine idea and it has worked  
out most successfully. Every soldier  
will be a little bit stronger for know-  
ing that the people at home are be-  
hind him in spirit and support.

**DON'T BE BALD**  
Here's a Good Way to Stop Loss of Hair and Start New Growth

If your hair is thinning out, lifeless, full of dandruff, and your head itches like mad, it's a sure sign of the dangerous dandruff germ, and quick action must be taken to save what hair you have and start a new growth. Don't wait until the hair root is dead, for then nothing can help you, but act from your drug store. Buy a bottle of Parisian sage—don't cost much and there's nothing you could use that's any better. Dr. Sangerbund, the famous Parisian specialist, discovered that dandruff and falling hair are caused by a microbe that came the discovery of the value of Parisian sage (liquid form) to destroy this germ, prevent falling hair and the formation of dandruff. A few messages with Parisian sage are all that are usual-ly needed, and very soon you should be able to see the new hairs coming in. Parisian sage is women's favorite hair dressing, because it will not stain and makes the hair lustrous, soft and fluffy. Be sure you get Parisian sage (Groun's), for this brand is guaranteed. W. A. Erman can supply you—Advertisement 8-21-23-28

**TO INCREASE WEIGHT AND STRENGTH**  
A PHYSICIAN'S ADVICE

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing the arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness, and if there were a real pleasure to publish here a simple prescription which, by its action, would develop metabolism and stimulating vital organs, quickly produces a marvellous transformation in the appearance, the increase in weight frequently being almost instantaneous. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy which nearly always accompany excessive thinness, all quickly disappear. Full eyes become bright, and pale cheeks glow with the bloom of perfect health.

The prescription, which is absolutely harmless, directs you to take before each meal a 5-grain tablet of Bifro-Phosphate, such as you may obtain from any druggist at a trifling cost. Eat all you want, but chew your food thoroughly.

Caution—Although the above prescription is unobjectionable for relieving nervousness, sleeplessness and general weakness it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

## THE BEST SHOPPING TIME OF THIS YEAR

Is the month of August. You will have opportunities this week to buy Suits and Coats at very low prices. It means that the woman who anticipates and buys one of these suits this week will get a suit for half the price she can get one after these are gone.

## GOOD WOOL SUITS AND SILK SUITS At \$12.00, \$15.00 and \$18.00

Will be unheard of after this season. These are all high grade, beautifully tailored suits that will be good for two years to come, so come in this week and select a new suit.

## THE \$12.00 AND \$15.00 SUITS

Are a splendid assortment of plain poplins, navy and black serge, green and other sport suits, black and white wool checks, wool velours and wool jerseys in many of the newest colors. Come in Tuesday and Wednesday if you want the best opportunity you will have for years to buy a high grade suit at the very low price of **\$12.00 & \$15.00**

## THE SUMMER DRESSES VARYING FROM \$2.00 TO \$5.00

Are being picked up rapidly. The woman who gets one of these dresses at these half prices is indeed a good buyer and she will be pleased many times this season and next with her bargain. These low prices are marked on both the white and colored dresses and you can have your choice of any summer dress at a big reduction.

## PREPARATIONS FOR SCHOOL SHOULD BE MADE THIS WEEK

While the special sale of coats is on. We are featuring many very special things in coats for school and street wear at very low prices. You ought to come in and see what we are offering at \$5.00, \$6.50 and \$10.00. These will be unheard of two weeks from now when you will want them. The market on low priced street and school coats will have no such things and you had better buy a few priced coat for your fall wear and up to Christmas time now. Dressy, warm coats in many of the best materials in this sale as low as **\$5.00, \$6.50 and \$10.00**

## CHILDRENS COATS--GIRLS COATS AND LADIES COATS---

This week cheaper than we will be able to offer them again for years. Come Wednesday sure.

**H. H. Morze Company**

## CHOICE PROGRAM OF AMUSEMENTS FOR LABOR DAY

The committee appointed by the Trades and Labor Assembly several weeks ago to make complete arrangements for the big picnic to be held Labor Day, September 3, at the Mountbushers' work is becoming more interested in its work as the day draws nearer, and is putting forth every effort to make this the greatest affair of its kind ever held. While the committee's efforts toward this end will mean much, still this cannot all obtain unless the people of this vicinity turn out and assist. This picnic is to be in the

nature of a basket picnic—or rather, a big family affair—and everybody is invited.

Amusements of all kinds are to be provided—wrestling, field day events, music, dancing and many other little pleasures that will go far to make the day eventful. If the day should unfortunately be a cloudy or threatening one do not let that keep you away as there is plenty of shelter at the park. The Assembly wants everybody to attend and have a good time, and everybody is going to have it if it is in their power to grant it.

### AMERICA'S REPLY SOON.

(ASSOCIATED PRESS TELEGRAM) Washington, Aug. 21.—The United States has not yet acknowledged receipt of Pope Benedict's peace proposal but will do so through the British foreign office which transmitted the communication through Ambassador Page.

## SEN. LAFOLLETTE WANTS WEALTH TO-BEAR SHARE

(Continued From Page 1)  
the people. That has been true of every war we have had and it is certainly true of the present war. "It may be argued that the poor equally with the rich will have the opportunity to purchase war bonds. It is small comfort to have the opportunity to purchase bonds. If you have little or no money to invest in bonds. The late 'Liberty Loan' is a good example of bonds sold to the poor or those of limited means. All the machinery of the government was set in motion to sell these bonds to the small investor. "We all know that these bonds were a poor investment to the man of small means in comparison with the advantages which the owners of large incomes could secure from investing millions of their taxable incomes in these non-taxable bonds. The government has made them the equivalent of an investment paying from five to nine per cent and more to persons with large incomes who will escape the income tax on every dollar thus invested. While to the wage earner and the man with a salary so small as not to be reached by the income tax, who pinched and saved and sacrificed in order to purchase them, they return but a meager 2 1/2 per cent. The result is that these bonds will soon find their way mostly into the hands of the wealthy. But this is not all. Legislation raises prices, greatly increasing the cost of living to the masses.

"We are connected by the highest economic authority, we are admonished by all history, we are commanded by every consideration of justice to the American boys who are married for slaughter, to the American homes already in the shadow of death, to declare here and now by our votes on this record, that the wealth of this country will be taken as mercilessly through the power of taxation as men are taken by force and draft.

"Too many people, for the comfort of the middle classes in the warring countries of Europe are asking today why they should give the all to the government from which they have received so little, while the favored classes pass through the furnace of war unscathed. "If the billions of our peoples' money which we are now smilingly passing into the furnace of the European war were all we had to consider the question would not be so serious. But if this war should last another year or two years think what it will mean to the financial resources of this country. Remember that we have not yet burned up a single dollar's worth of powder; we have not yet exploded a single shell, the cost of some of which exceed the annual income of the average man. It is improbable that the entire income of all the people of the country estimated at \$38,000,000,000 will not meet the cost of the second year of this war. We must face these facts and realize the true situation of our financial policy by an adequate and just system of taxation at the beginning."

By keeping down taxes and increasing bonds Senator La Follette said the masses are being "mortgaged to the money lenders."

Loans to the allies, the Senator said, may and may not be repaid, certainly not for many years after the war. Russia, he said, is in the throes of a revolution, and Italy, he reports are correct, is on the eve of one.

"Even England and France," he added, "will be in no position to repay loans for a long time and if this war should last for several years, what political transformations may occur in any country in Europe no one can foretell."

Possible of bread lines this winter because of high cost of living, he pictured thus in conclusion:

"Always remember that the high prices already upon us have taxed the common people of this country for the support of this war to a much greater extent than the wealthy class would be taxed if every dollar of income of the members of that class were taken by taxation. When bread lines shall be a familiar sight in every city of this land as they are bound to be if the present price of the simple necessities of life is maintained during the coming winter, when cold and hunger are daily visitors in many thousands of homes which have known only comfort heretofore, a condition certain to exist during the coming winter months unless relief from present prices can be found, it will be small satisfaction, I think, to the members of the Congress to realize that they have contributed to the want and suffering of the masses of people by refusing to place even an approximately fair portion of the financial burden of this war upon the rich."

**DESPOUND WOMEN**  
Constantly recurring suffering gives women "the blues." Comparatively few women realize that despondency, together with backache, headache, and the dragging-down feeling indicate some derangement of the feminine organs, for which Lydia E. Pinkham's Vegetable Compound is a remedy.

It is said that this famous, old root and herb remedy has been the means of restoring more women to health and consequent happiness than any other remedy in the world. Don't wait until your life is wrecked by neglect and suffering. Give the Compound a trial. Advertisement.

## Today's Aid to Beauty

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of canthrox (which you can get at any drug store) in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After a canthrox shampoo, arranging the hair is a pleasure.—Advertisement.

## DOCTORS ARE BOOSTING IT

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the widespread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better, sleep better and get up in the morning feeling like doing things; you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough iron and phosphorus in the blood and nerves we are healthy; that almost all conditions of ill health and nervousness are due to the lack of iron or phosphorus. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you were ever nervous, tired out and run down, you can feel it taking hold.

Special Notice.—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets; insist on the genuine in capsules only. Evans Drug Store, and leading druggists everywhere.—Advertisement.

**TWO AVIATORS MISSING.**  
Paris, Aug. 20.—Oliver Chadwick, of New York, a promising member of the aerial squadron of Captain George Guynemer, the famous French aviator, has been missing since Tuesday. It is believed he was brought down in an aerial encounter. Corporal Harold Willis, of Boston, a member of the Lafayette squadron, whose disappearance not far from Verdun on Saturday has already been reported is supposed to be a prisoner.

## RAILROADS TO MOVE MILLION TROOPS IN NEXT FEW WEEKS

Washington, Aug. 20.—Plans for the largest troop movement ever scheduled in the history of this country are now being perfected by the American Railway association, at the request of the United States government. Altogether 687,000 men will have to be transported to the various cantonments that the government is building to house the new national army. The government will start September 5th. Between that date and September 9th the railroads will complete the entrainment of 200,000 men, or approximately 30 per cent of the total number scheduled to be moved to the various training camps. It is expected that a second movement of approximately 200,000 men will begin on September 15, continuing for four days thereafter and a third movement of the same size on October 1.

Some conception of the magnitude of the task confronting the American Railway association in preparing schedules that will assure the safe and prompt transportation of these armies without interfering with regular traffic, may be gleaned from the fact that to move merely one field army of 80,000 men requires 6,229 cars made up into 366

trains, with as many locomotives and train crews. Meanwhile, in addition to moving the 687,000 recruits for the national army the railroads have been asked to supply transportation for the 250,000 members of the National Guard to their training camps. This National Guard movement has already started and will continue in increasing volume until all have been moved.
